

OVER MEDIAN INCOME CASES

OP 0021
3/10/11

0546557 – Is the first Act Case

Cases filed 2005, 2006, 2007 and 2008

If case is $\geq 10\%$, must be the greater of the unsecured pool (if possible) or 36 month base

1) If case is $< 10\%$, must be greater of unsecured pool (if possible) or 55 month base.

The only way a modification will affect these cases is when it reduces the case below 10%. When this happens the case will be calculated at a 60 month base.

Cases filed on or after 1/1/09 (Petro)

1) If it mentions an unsecured pool, the case remains an unsecured pool or % case or 60 month base, whichever is greater.

2) If case does not mention an unsecured pool – the case is strictly a % or a 60 month base, whichever is greater.
